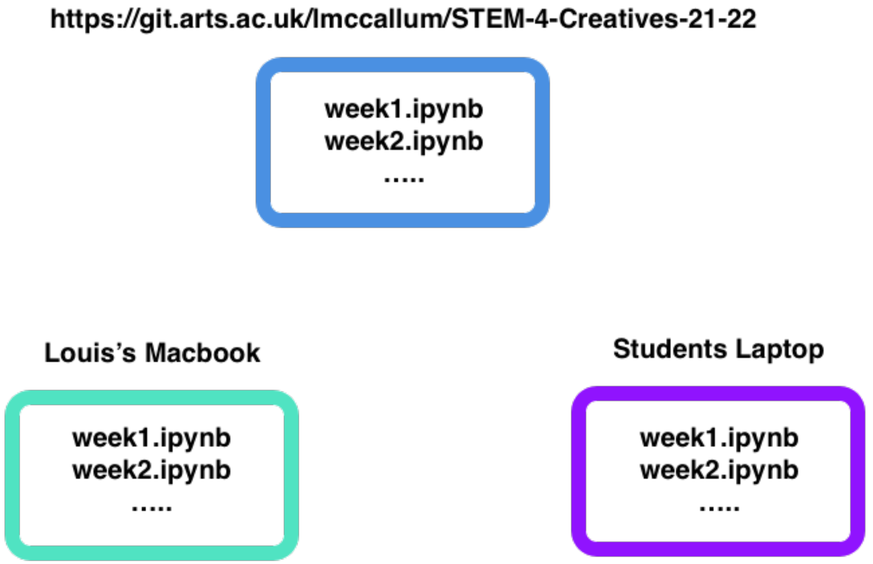
Getting new materials from GitHub

STEM for Creatives Week 2

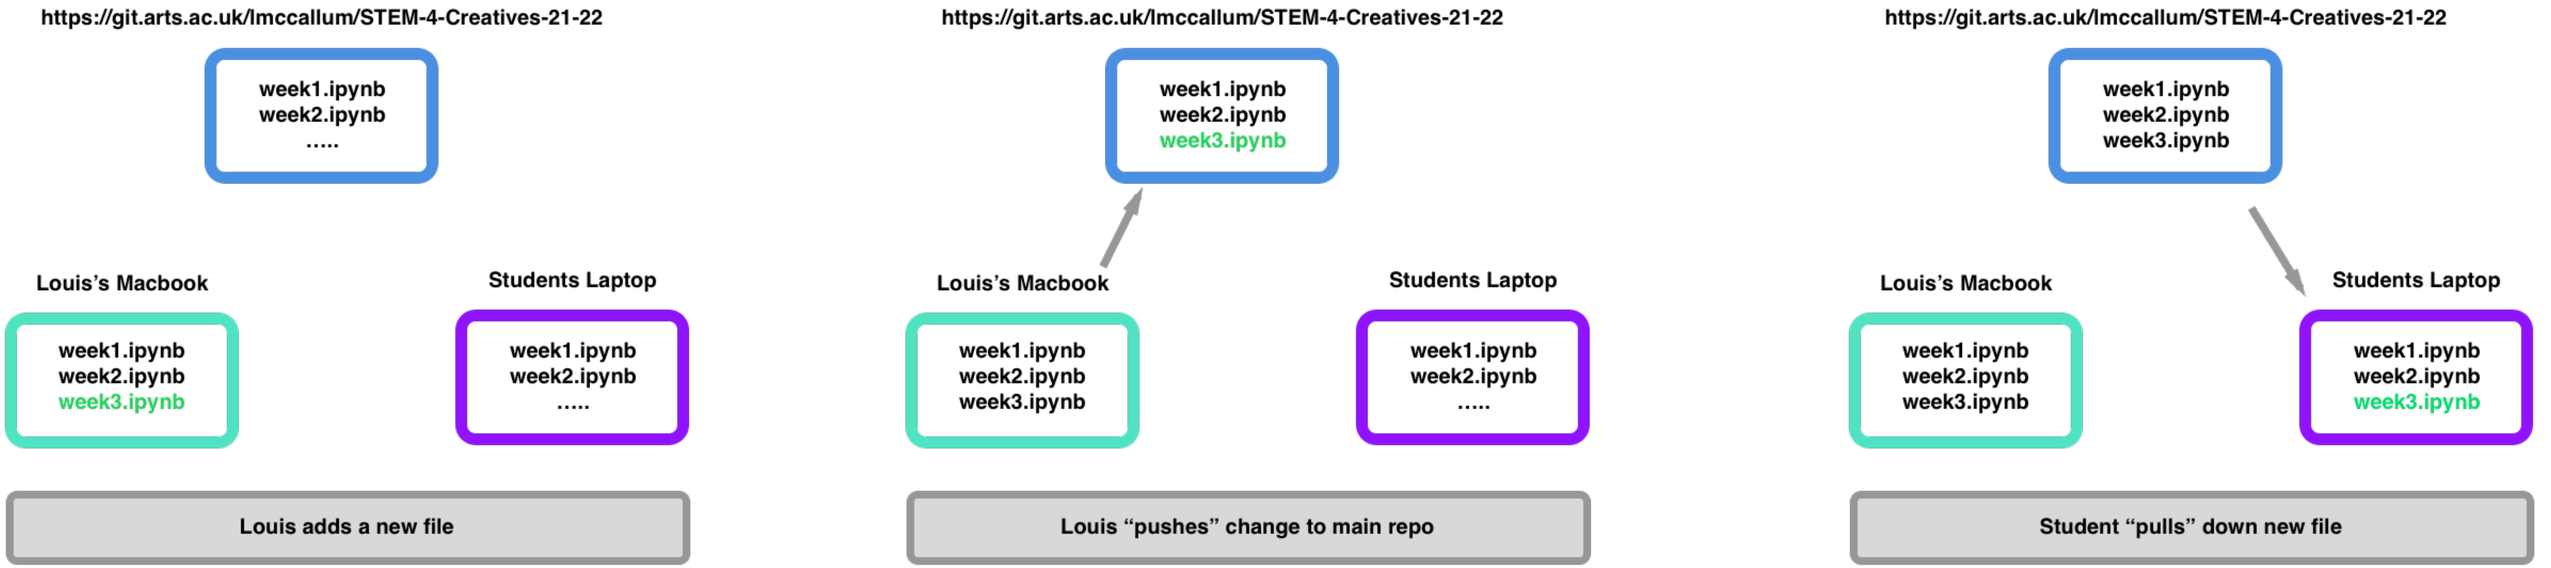
Louis Mccallum Autumn 2021

Basic setup

Multiple copies exist

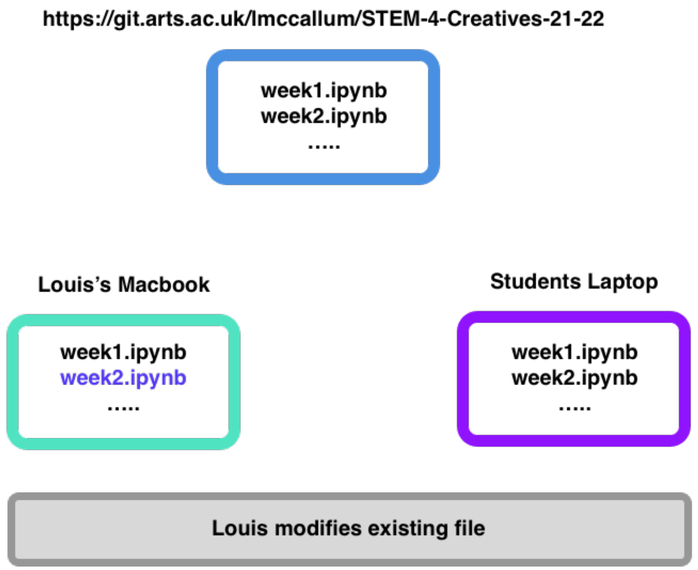


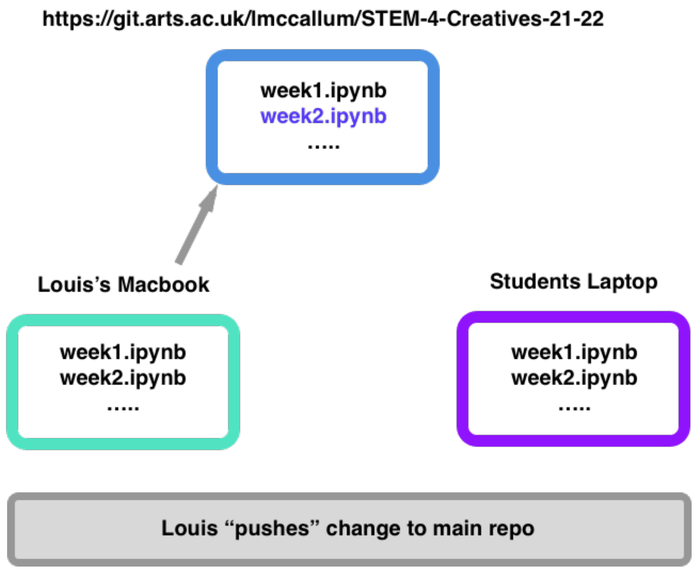
Getting new files

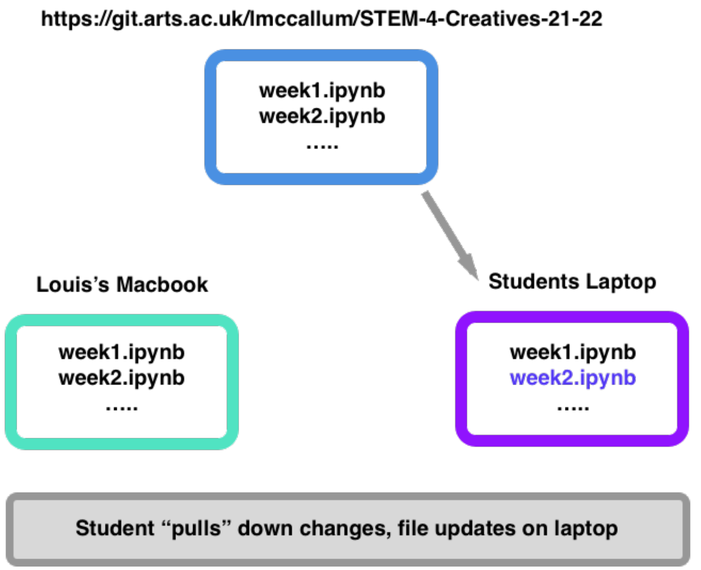


Getting changes to files

This is OK if you haven't changed the version on your laptop



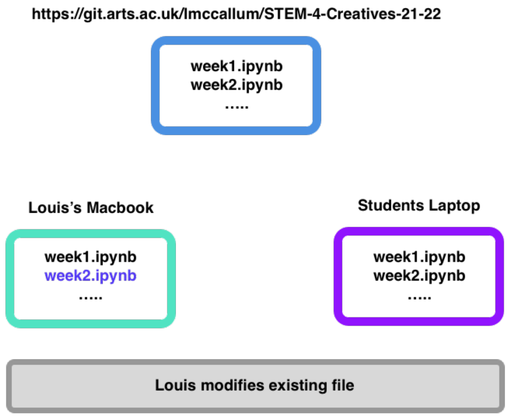


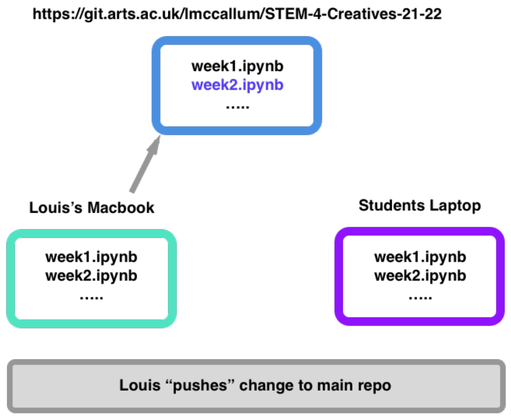


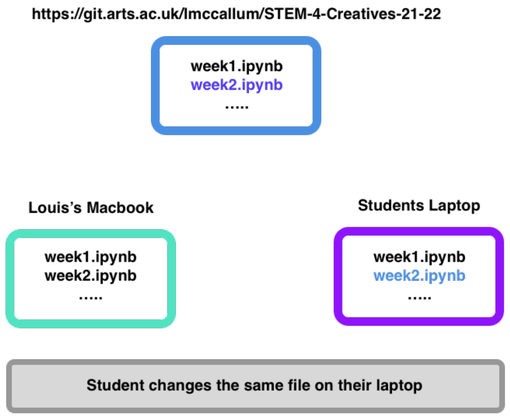
Getting changes to files

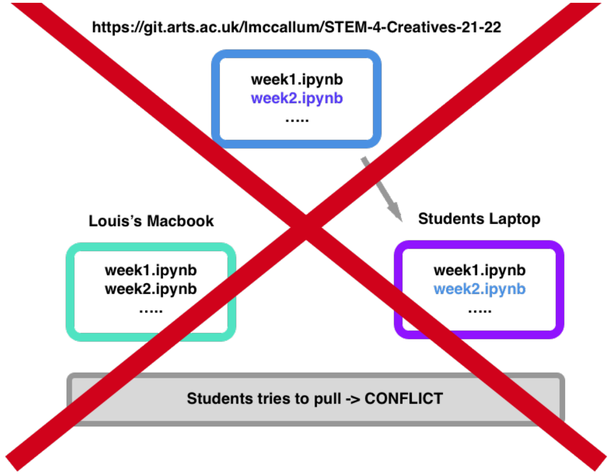
This is OK if you haven't changed the version on your laptop

However, its quite likely that you have!



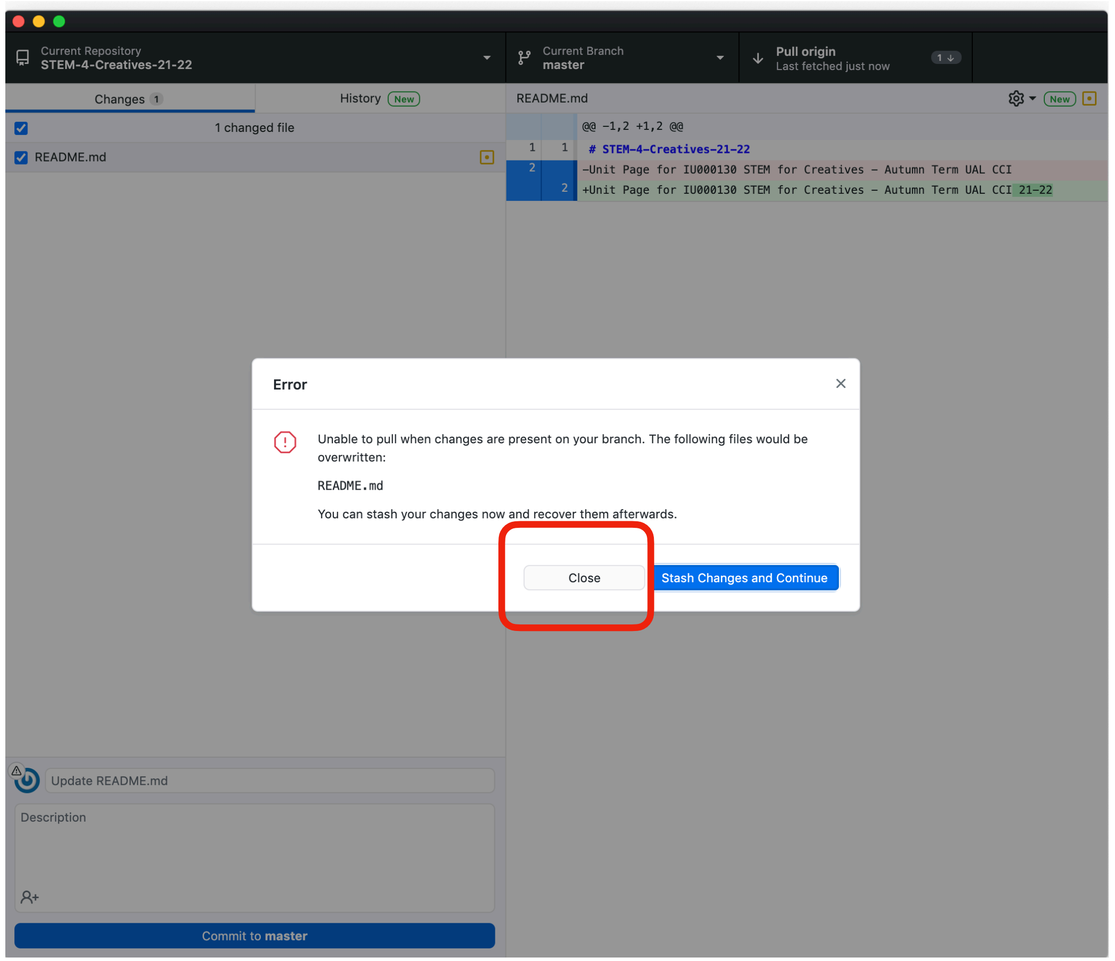






Getting changes to files

You will see this in the GitHub desktop app



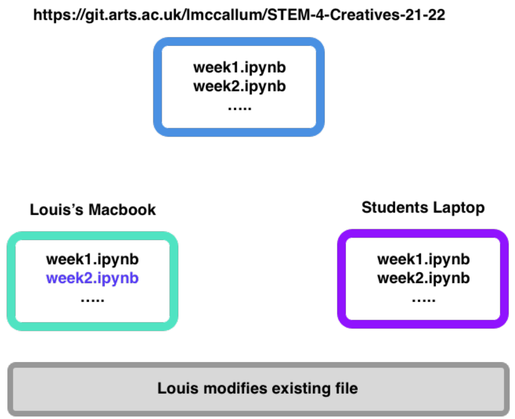
Close, don’t Stash

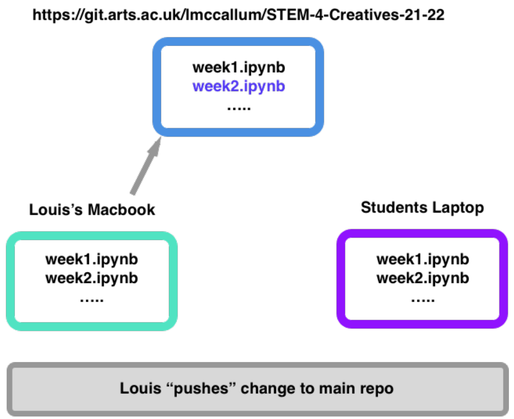
Getting changes to files

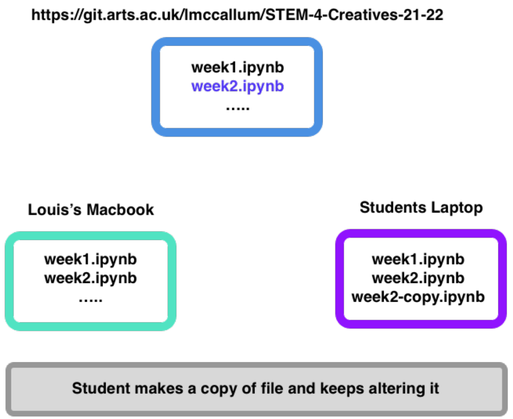
This is OK if you haven't changed the version on your laptop

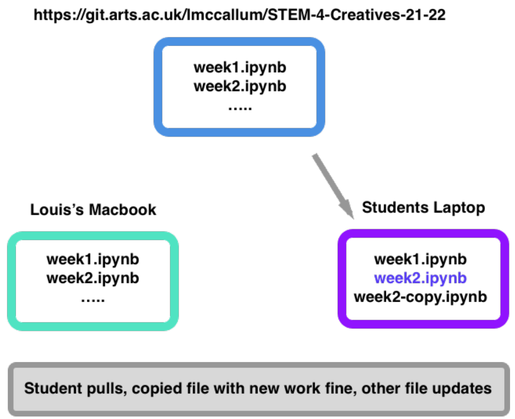
However, its quite likely that you have!

You can make a copy of your version, then discard the changes to the original









Getting changes to files
